

TC44-R

Carrying Case For Telewave.io Wattmeters

The Telewave.io TC44-R Carrying Case is custom made specifically for the Telewave.io 44 Series wattmeters. Designed with precision and tailored specifically for the 44A/AP, 44L1/L1P, and the new 44DL models, this case ensures your equipment is safe, secure, and ready for any job.

The TC44-R features rugged polypropylene construction, two pull and pluck customizable layers, and a bottom pad solid layer. The rubber gasket lining the rim of the case ensures a waterproof seal when latched closed. The case also features an innovative pressure equalization valve that quickly equalizes to different air pressures. Two padlock adaptable hasps provide extra security.
