

TC44-R2

Carrying Case For Telewave.io Wattmeters

The TC44-R2 Carrying Case, the ultimate companion for your Telewave.io 44 Series wattmeters. Designed with precision and tailored specifically for the 44A/AP, 44L1/L1P, and the new 44DL models, this case ensures your equipment is safe, secure, and ready for any job. With the capacity to carry up to two wattmeters simultaneously, or one wattmeter with ample space for kits, cables, and loads, the TC44-R2 offers unmatched convenience and versatility.

The TC44-R2 features a built-in O-ring and secure latches to protect contents from water and moisture. It is padlock compatible for added security. Lastly it is made from high-density polymer, it offers exceptional strength and corrosion resistance.

Customers can request custom foam cutting services for tailored storage solutions, ensuring precise fitting and optimal protection for various products, including tools, electronics, and delicate equipment. Email sales@telewave.com for more information.
